## Teacher panel:

teachers should be able to :

1. give the announcements
2. give the timetable
3. give the syllabus
4. give Course attendance
5. give the assignment question and assignment submission details
6. give the quizes
7. give the caes
8. give the semester
9. give the unit lessons and pdf

1,2,3,9 – same type

Teacher can give text about that particular unit and attach all links like pdf or doc or any uplaod file

5,7,8- same type

Teacher can give some text about that and attach all necessary files or pdf or anything and

should be able to see who had submmiited not yet submmiited

And what they submiited and when they submiited etc detatils and should be give marks for that particular submission

6. quizzes -teacher can give text about that and can give the test link

4. attendance – teacher can give attendance to students on that particular day and daily until the course ends

One main feature is that in any of the topic teacher should be able to see the student statistic who submiited and who havent
